

LABOR BOARD IN FIGHT FOR LIFE

Next Congress Will Make Determined Moves to Abolish Board.

WASHINGTON, Sept. 23.—(By U. P.)—When congress returns for the expected special session in November, there will be determined moves in both branches to do away with the railroad labor board.

Many senators and congressmen who have studied the matter closely feel that the board failed to function as intended in the recent rail strike crisis.

They hold the board partially responsible for the strike and calm that when peace negotiations were started by President Harding it long delayed a settlement, by actions which antagonized both sides in the dispute.

At least a dozen bills proposing repeal of the law creating the labor board have already been introduced in the house.

The author of one such measure is Representative Foster, republican, Ohio, a close friend of Atty. Gen. Daugherty. Another is Representative Cooper, republican, Ohio, former railroad engineer.

"I am convinced there would have been no strike had it not been for this labor board," Cooper said today. Cooper is a member of the house interstate commerce committee, which handles all legislation dealing with railroads and is in a position to receive a prompt hearing on his bill.

City Seven Years Behind in Filing Incorporations
NEW YORK, Sept. 16.—The New York county clerk's office is about seven years behind in filing certificates of incorporation and the reports of corporations. County Clerk James A. Donegan said in com-

Three Killed in Ambush Attacks by Irregulars

RELFAST, Sept. 23.—Three persons were killed in ambush attacks by irregulars in county Kerry today. Nineteen irregulars were captured by Free Staters at Fermoy. Irregulars with field guns attacked Macroom and bombarded the city four hours but were driven off.

KANSAS CITY CUTS DOWN ON ACCIDENTS

Fewer Fatalities From Autos Despite Increase in Population.

(By International News Service.)
KANSAS CITY, Mo., Sept. 20.—Although Kansas City's population has increased perceptibly during the last year, accidents have shown a decrease.

Figures issued by the Safety Council of the city show a total of 112 accidents for the eight months ending Aug. 31, 1922, whereas 112 accidents were recorded for a similar period in 1921. And motor traffic here has increased 20 percent in the last year.

Vehicular accidents have been scarcer the last eight months, there being 51 as against 54 for a corresponding period last year. However, there were 11 collisions in August this year and only three in August, 1921.

Makes Attempt to Save Huge Library

TOKIO, Sept. 18.—Individually responsible for the rescuing from destruction and the preservation of a 200,000-volume library, formerly the property of the military academy of the late Russian czar's general staff, A. Andogsky, a former general, is in Japan endeavoring to obtain funds for the maintenance of this library until a stable Russian government has been established, and undertakes to be responsible for the books. The library has been kept on Russian Island, within sight of Vladivostok, since the revolution, when Andogsky performed the miracle of fleeing across the ice-ridden country from Petrograd to Vladivostok.

The books, Andogsky says, constitute a valuable military record, and if they are lost it will be a loss to the entire world. His few followers have been poverty stricken for years, but have stuck to their task; further work in preserving the library is impossible without funds and those of their friends are exhausted.

THE NEW FASHIONS

MILLINERY this Fall is greatly diversified in style. Shapes and sizes are designed with the idea of giving a setting for the face and the frock that is individual to you. Smart, youthful models, some soft and crushable, many permanently shaped, are here for your choice. Chic choux or velvet puffs, ribbon loops, quills, silver cloth and even monkey fur are introduced as trimmings.

\$5.00 to \$35.00

BLOUSES in Majolica, Bagdad, Barberry, Grey, Bobolink, Green, Navy and Brown, the Autumn's favored shades, are being presented. These exquisite new models are fashioned in Canton Crepe, Crepe Satin, Georgette and Brocade Velvet. Marvelously gorgeous hand embroidery, fascinating Spanish lace and many colored sparkling beads are the trimmings. V, round and batou necks are seen in variations.

\$5.95 to \$30.00

COATS of fabric and fur, which now comprise our Autumn showings, are worthy of your attention. Diversity of style is one of their strongest points because they come not from one maker, but from several. We have made an effort to offer the widest possible selection without sacrificing quality. The result is the greatest collection of Coats we have ever had, in loose line styles, with luxurious crushed collars, low waist lines, roomy sleeves, belts—all the select 1922-23 features.

The fabrics employed are Delysia, Normandy, Monterey and Lusteria, and fur and embroidery are used for trimming. Fur Coats and Capes come in great variety. Contrasting fur is sometimes used as trimming. All are silk lined and beautifully finished. Prices are most reasonable—
